The California Health and Safety Code (hereinafter "CHSC"), Section 116650 authorizes the County of San Luis Obispo Health Agency Public Health Department Environmental Health Services (hereinafter "SLOEHS"), to issue a citation to a public water system when the SLOEHS determines that the public water system has violated or is violating the California Safe Drinking Water Act (hereinafter "California SDWA"), (CHSC, Division 104, Part 12, Chapter 4, commencing with Section 116270), or any regulation, standard, permit, or order issued or adopted thereunder.

The SLOEHS, acting by and through its primacy delegation from the State Water Resources Control Board hereby issues Citation No. 04_70_17C_017 (hereinafter

1 "Citation"), pursuant to Section 1166330(f) and 116650 of the CHSC to the Jack

6 attached hereto and incorporated by reference.

8 **STATEMENT OF FACTS**

9 Pursuant to Section 116530 of the CHSC, the Jack Ranch Cafe must submit a
10 technical report to the SLOEHS when requested. The SLOEHS has established a

14 Annual Report for Calendar Year 2016 was due to be submitted by April 30, 2017.
15 On April 10, 2017 the SLOEHS sent to all public water systems an email notification
16 that the Annual Report for Calendar Year 2016 was due to be submitted by April 30,
17 2017. This notice also included instructions on how to submit the report electronically
18 to the SLOEHS. The Jack Ranch Cafe failed to submit the report by the due date.
19 On August 17, 2017 the SLOEHS sent a written notice to the Jack Ranch Cafe that its
20 2016 Annual Report was past due. As of the date of this Citation, the SLOEHS has
21 not received the report from the Jack Ranch Cafe.

22 23 **DETERMINATION**

24 The Jack Ranch Cafe has failed to submit an electronic Annual Report for the

Section 116555 states in relevant part:

- (a) Any person who owns a public water system shall ensure that the system does all of the following:

- (1) Complies with primary and secondary drinking water standards.
 - (2) Will not be subject to backflow under normal operating conditions.

Section 116650 states in relevant part:

- (a) If the state board determines that a public water system is in violation of this chapter or any regulation, permit, standard, citation, or order issued or adopted thereunder, the state board may issue a citation to the public water system. The citation shall be served upon the public water system personally or by certified mail. Service shall be deemed effective as of the date of personal service or the date of receipt of the certified mail. If a person to whom a citation is directed refuses to accept delivery of the certified mail, the date of service shall be deemed to be the date of mailing.

- (b) Each citation shall be in writing and shall describe the nature of the violation or violations, including a reference to the statutory provision, standard, order, citation, permit, or regulation alleged to have been violated.

- (c) A citation may specify a date for elimination or correction of the condition constituting the violation.

A separate penalty may be assessed for each violation and shall be in addition to any liability or penalty imposed under any other law.

Section 116701 (Petitions to Orders and Decisions) states:

Where the order or decision of the deputy director is issued after a hearing under Chapter 5 (commencing with Section 11500) of Part 1 of Division 3 of Title 2 of the Government Code, this section shall apply instead of Section 11521 of the Government Code.

(b) The petition shall include the name and address of the petitioner, a copy of the order or decision for which the petitioner seeks reconsideration, identification of the reason the petitioner alleges the issuance of the order was inappropriate or improper, the specific action the petitioner requests, and other information as the state board may prescribe. The petition shall be accompanied by a statement of points and authorities of the legal issues raised by the petition.

(c) The evidence before the state board shall consist of the record before the deputy director and any other relevant evidence that, in the judgment of the state board, should be considered to implement the policies of this chapter. The state board may, in its discretion, hold a hearing for receipt of additional evidence.

(d) The state board may refuse to reconsider the order or decision if the petition fails to raise substantial issues that are appropriate for review, may deny the petition upon a determination that the issuance of the order or decision was appropriate and proper, may set aside or modify the order or decision, or take other appropriate action. The state board's action pursuant to this subdivision shall constitute the state board's completion of its reconsideration.

(e) The state board, upon notice and hearing, if a hearing is held, may stay in whole or in part the effect of the order or decision of the deputy director.

(f) If an order of the deputy director is subject to reconsideration under this section, the filing of a petition for reconsideration is an administrative remedy that must be exhausted before filing a petition for writ of mandate under Section 116625 or 116700.

7) You will **receive an email** from drinc@cdph.ca.gov confirming your registration.

Subject: ANNUAL REPORT FOR CALENDAR YEAR 2016

This is a message from the State Water Resources Control Board.

Hello Public Water System Representative:

It is again time to report to the State Water Resources Control Board's Division of Drinking Water (DDW), formerly the California Department of Public Health (CDPH), on the operation of your public water system during the past year (2016). This annual report is intended to provide DDW with updated information regarding your water system, including contact information, population served, number of service connections, modifications made in the previous year, etc. Your accurate and timely completion of this report is appreciated.

In addition, if you have prepared the 2016 Consumer Confidence Report (CCR), you can also upload it at this time by going to the MY CCR UPLOADS tab.

The 2016 electronic Annual Report to the Drinking Water Program (2016 eARDWP) is due to be submitted by **April 30, 2017**.

Since 2010, DDW (CDPH at the time) has instituted procedures for submittal of the annual reports in an electronic format via the eARDWP Portal website. Please note that since you previously registered for access to the eARDWP website, you do not need to register again to begin completing the 2016 eARDWP. Simply login to the eARDWP Portal using your user name (email address) and password; then go to the **MY EAR REPORTS** tab. Each previously submitted report will have a link on this page. At the bottom of the page is a link to start the 2016 eARDWP.

To access the eARDWP online page, please go to the following link for our DRINC Portal at <http://drinc.ca.gov> and then select the Electronic Annual Report link on the left-hand side of the page or go directly to <http://drinc.ca.gov/ear/>. You may find that some of the report is "pre-populated" with information from our Safe Drinking Water Information System (SDWIS) database. Please check this information to make sure it is still correct and current. To assist you in completing this year's report, you can also pre-populate each section of the report (except for the Water Supplied, Water Rates and Deliveries, Improvements, Complaints, and Conservation sections) with information from last year's report by clicking "**Prefill this Section**" on the left-hand side just above the section tabs.

You may begin creating the 2016 eARDWP for any water systems for which you have prior approval while you are waiting for the approval for the newly added water system.

Password: You must first login using your user name (email address). When you are at the screen requiring your password, click on the link **FORGOT PASSWORD?**. Your password will be forwarded to your email account.

Any documents that you wish to accompany the eARDWP other than an updated Water Quality Emergency Notification Plan must be submitted **to the water system's local regulatory agency**. You may submit your updated Water Quality Emergency Notification Plan via the eARDWP portal in the same manner that you submit your CCR and CCR Certification by going to the MY WQENP UPLOADS tab. For a map identifying DDW District Offices, please click [HERE](#). For contact information of county environmental health agencies, please click [HERE](#).

This year, we are again providing a Frequently Asked Questions (FAQ) posted on the eARDWP portal. We strongly suggest that you read the FAQ before starting a report. You do not need to be logged in to view the FAQ. If you have any questions that are not addressed in the FAQ related to the 2016 eARDWP, please contact your local regulatory agency or send an email to DRINC@waterboards.ca.gov.

You can continue to edit, or if you have not done so create, your service area boundaries and enter them in the **Drinking Water Systems Geographic Reporting Tool**, also known as the **Water Boundary Tool**. The Tool could be accessed through the DRINC Portal website or directly at <http://cehtp.org/page/water/main>. This web-based tool is designed to produce high resolution, digital maps of drinking water system customer service areas for the entire state of California, to assist water systems in digitizing their customer service area boundaries and identifying their neighboring systems, and to create a geographic information system (GIS) layer useful for emergency preparedness, for public health prevention and response, and for public health research.

Thank you for your cooperation in completing the Annual Report.
